

# Trench & Excavation

**There have been 22 trenching and excavation fatalities in the first six months of 2022.** Given this alarming increase, OSHA **announced** the launch of an “enhanced enforcement initiative” to supplement its National Emphasis Program on trenching.

## ***Working Safely in Trenches***

- \* Reduce worker exposure to cave-ins, falling loads, hazardous atmospheres, and hazards from mobile equipment.***
- \* OSHA standards require that trenches and protective systems be inspected daily and as conditions change by a competent person before work begins.***
